# **PESQUISA DE SATISFAÇÃO**

\* A pesquisa tem como objetivo mostrar o nível de satisfação do cidadão em relação à execução do serviço público. Como não é obrigatória, pois cabe ao cidadão ter a iniciativa em avaliar ou não o serviço solicitado, os resultados apresentados podem não ser conclusivos pois a devolutiva foi realizada somente por uma minoria.

# **CONSIDERAÇÕES FINAIS**

## CONSIDERAÇÕES FINAIS

O 12º Relatório Semestral, que compreende o período de **novembro de 2018 a abril de 2019**, apresenta um panorama das manifestações cadastradas no sistema. Nesse período registrou-se 17.261 manifestações, sendo que 69% das manifestações cadastradas foram finalizadas/executadas pelas Secretarias responsáveis.

Verificou-se que a Central de Atendimento 162 continua sendo o Canal mais utilizado pelo cidadão para cadastrar suas manifestações. Registramos 9.321 ligações, ou seja 54% das manifestações cadastradas foram feitas nesse Canal.

A Ouvidoria é um serviço que possui como principal atribuição o acolhimento das manifestações dos usuários dos serviços oferecidos pela Administração Municipal. Mais que isso a Ouvidoria tem papel relevante na identificação das necessidades e demandas sociais, tanto na dimensão coletiva, quanto na individual, transformando-as em suporte estratégico à tomada de decisões no campo da gestão. É a participação individual que transforma o coletivo.

A Ouvidoria Municipal está sempre atenta aos melhoramentos que possam ser alcançados no método de trabalho proposto por cada Secretaria Municipal e também na apresentação dos resultados alcançados. Para tanto, é de fundamental importância que este e todos os demais relatórios, por ela, elaborados e circulados, sejam exaustivamente discutidos internamente com cada equipe técnica.

Sem esta parceria, estará a Ouvidoria limitada pela criatividade daqueles que dela participam diretamente, exigindo um esforço adicional às atividades rotineiras.
